Harold —

I just received your letter of the 13th. Where I am able, I shall do everything that you request, but in some matters, I may not be able — the curbstone, for example.

This may take a while — a week or two, I would say — for I am not long returned from Toronto and my WC records are still in considerable disorder. But I'll do what I can.

I'm very glad that things are picking up, and I'll do my best to help pick them up farther.

Love to Lil.

Still,

Dick
